

Scottish Rock Garden Club - 'The Rock Garden' Journal

Index of articles by Mountain Range/Area (Issue Nos: 1 - 155)

Mountain ranges and Areas have been listed so as to help those interested in finding plants (assisted by Wikipedia's 'List of Mountain Ranges' found https://en.wikipedia.org/wiki/List_of_mountain_ranges#By_continental_area Some islands (particularly Mediterranean) are listed with mountain ranges. Countries include some geographical areas, such as Patagonia, understood to include the Andean mountain parts of both Argentina and Chile. Countries are sometimes subdivided into provinces where this is helpful for botanical purposes.
