SHOW RULES

1. Exhibitors must be members of the Club, unless otherwise stated.
2. The term 'rock plant' shall mean any plant suitable for the rock garden, bog garden, wild garden or alpine house.
3. Section I is open to all members. Section II is open only to members who, at the start of the show year have not won more than 50 SRGC Section II first prizes. Section III is for Junior members. Section IV is for non-competitive exhibits of plants, photographs, paintings, sketches, etc. Council is anxious to encourage these to make the shows as successful as possible. Please advise the show secretary of the size of the exhibit by the entry date.
4. All plants for competition should be clearly labelled and the names should be displayed horizontally. Inaccurate naming shall not be a disqualification.
5. Competitive exhibits must be the property of the exhibitor and must have been in his or her possession for at least six months before the date of the show.
6. No competitor may have more than one exhibit in any one class, unless specified for that class in the schedule.
7. No exhibit shall be removed from the hall between the hours of judging and the close of the show without the permission of the show secretary.
8. All exhibits must be removed at the end of the show.
9. The scoring for all awards based on an aggregate of points will be as follows:

	First	Second	Third
6 Pan Classes	180 pts	120 pts	60 pts
3 Pan Classes	90 pts	60 pts	30 pts
2 Pan Classes	60 pts	40 pts	20 pts
1 Pan Classes	30 pts	20 pts	10 pts

10. The show secretary shall appoint judges for the show, and their decisions shall be taken as final.

For Sections I and II at least two of the three judges shall be selected from those names on the Club's panel of judges which is held by the Chairman of the Show Secretaries' Committee. At least one of these three judges shall reside outside the immediate neighbourhood of the town where the show is being held.

For Sections other than I and II, show secretaries are at liberty to use their discretion. No show secretary shall appoint a judge who has already served at the show for the previous two consecutive years.

11. Any protest must be delivered to the show secretary in writing within half an hour of the show opening; the secretary will then appoint a committee of not less than three persons to consider the protest.
12. All cups and trophies (except medals) are to be held for one year. The cost of

engraving trophies may be reclaimed through the appropriate show secretary.

13. All exhibitors, except those officially retained, shall leave the hall at the commencement of judging.
14. a) Plants entered in classes for plants 'grown from seed' must be accompanied by date of sowing, and may be accompanied by botanical notes (unless stated as a requirement).
b) Plants entered in classes for plants 'new or rare' must be accompanied by botanical notes containing cultural requirements and if grown from seed must be accompanied by sowing date.
15. Classes for bulbous plants include corms and tubers. Judges should exclude rhizomes and Orchidaceae, but may give liberal interpretation to plants coming under the other headings. They should look for established plants.
16. Cyclamen 'groups': *C. hederifolium* 'group' includes *CC. africanum*, *confusum*, *hederifolium* and *h. crassifolium*. *C. greacum* 'group' includes *CC. graecum* and *maritimum*.
17. All plants should be free of pests and diseases. Any plant may be removed to a safe place by the show secretary if in his or her opinion a plant is harbouring pests or diseases.

Rules for judges

One well grown plant shall receive more points than several smaller ones.

A plant in fruit shall rank equal to a plant in flower.

No plant, unless in a class for some special quality, shall receive more than half the points allocated for condition if not in flower or fruit. This applies also to classes for more than one pan, where the inclusion of one or more non-flowering (or fruiting) plants may result in fewer points being awarded than for an entry where all the plants are in flower (or fruit).

No distinction shall be made between a plant grown in a pot or pan and one lifted from the open ground.

Only if other points are equal should preference be given to a species over a natural or garden hybrid.

The judges are authorised, and are requested, to withhold any trophy, prize or award if they consider the exhibits to be of insufficient merit.

Points shall be awarded as follows:

All classes except those specified below

Condition of plant..... 60

Skill in cultivation..... 30

Rarity in cultivation..... 10

Classes for new or rare plants

Difficulty in cultivation.....	40
Rarity in cultivation.....	30
Condition	30

Classes of rock plants grown unprotected in the open ground

Condition	50
Garden worthiness	50
Rarity and difficulty	Nil

Notes

1. All plants exhibited may be in or out of flower, and the term 'pan' shall be taken to mean 'pan' or 'pot'.
2. Members of the trade shall be allowed to sell plants other than those exhibited during the Club shows, subject to the discretion of the show secretary concerned.
3. The Club accepts no responsibility for exhibits or private property left in the hall.
4. There are three **joint AGS – SRGC shows** each year, in Kendal and Hexham (spring and autumn). The show rules and notes of each Society are applied in alternate years, with the award of Farrer and Forrest medals as appropriate. It is important that exhibitors and judges recognise that there are a few differences between the rules of each Society and that they should consult and apply the appropriate rules. The key difference is in the definitions used for bulbous plants. For example, the AGS rules allow for rhizomes, as in Iris and Trillium, but exclude Cyclamen, whereas the SRGC rules allow for Cyclamen and Rhodohypoxis, but exclude Trillium and Oncocyclus Iris. AGS rules referred to in the schedules are available at:

<https://www.alpinegardensociety.net/wp-content/uploads/2022/12/ShowNotesAndRegulations.pdf>

At these shows members of both AGS and SRGC are eligible for all prizes, medals and other awards. Points count towards seasonal aggregates and merit medals according to membership.

5. As soon as possible after each show, show secretaries are requested to send a list of the number of 'firsts' and first prize points gained by each exhibitor in Sections I and II of their show to the Convener of show secretaries:

David Millward Email: dmillward6@aol.com

Botanical list

Plant taxa appearing in the schedules are listed below, with a few exceptions, following the latest work of the Angiosperm Phylogeny Group

(<http://www.mobot.org/MOBOT/research/APweb>).

Enquiry should be made of the show secretary if there is doubt as to whether a specimen belongs to one of the taxa for which there is a class.

Copies of this list and of the 'reverse list' (i.e. genera to plant family) can be downloaded from the Club website (<https://www.srgc.net/add-show-info.asp>).

Aizoaceae: Delosperma **Alstroemeriaceae:** Alstroemeria, Luzuriaga

Amaryllidaceae: Allium, Amaryllis, Crinum, Cyrtanthus, Galanthus, Habranthus, Hippeastrum, Ipheion, Lapidra, Leucocoryne, Leucojum (includes Acis), Narcissus, Nerine, Nothoscordum, Rhodophiala, Scadoxus, Solaria, Sternbergia, Tristagma, Tulbaghia, Zephyranthes

Apiaceae: Aciphylla, Anisotome, Astrantia, Azorella, Bolax, Bupleurum, Eryngium, Hacquetia, Lomatium

Araceae: Arisaema, Arisarum, Arum, Biarum, Eminium, Lysichiton, Pinellia

Aristolochiaceae: Aristolochia, Asarum

Asparagaceae: Albuca, Anthericum, Aphyllanthes, Arthropodium, Bellevalia, Brimeura, Brodiaea, Camassia, Chionodoxa, Convallaria, Eucomis, Hosta, Hyacinthella, Hyacinthoides, Hyacinthus, Lachenalia (includes Polyxena), Leopoldia, Maianthemum, Massonia, Muscari, Muscarimia, Ophiopogon, Ornithogalum, Polygonatum, Pseudomuscari, Puschkinia, Scilla, Triteleia

Asphodelaceae: Asphodeline, Asphodelus, Hemerocallis, Paspithea

Asteraceae: Achillea, Allardia (Waldheimia), Anacyclus, Anaphalis, Antennaria, Anthemis, Arnica, Artemisia, Aster, Brachyscome, Carduncellus, Celmisia, Centaurea, Chrysanthemum, Cotula, Craspedia, Cremanthodium, Crepis, Dimorphotheca, Doronicum, Erigeron, Eriophyllum, Euryops, Felicia, Haastia, Helichrysum, Hymenoxys, Inula, Jurinea (formerly Jurinella), Leontopodium, Leptinella, Leucanthemum, Leucogenes, Nassauvia, Ozothamnus, Perezia, Raoulia, Santolina, Saussurea, Senecio, Serratula, Solidago, Soroseris, Tanacetum, Tetraneuris, Townsendia

SPECIAL AWARDS

GEORGE FORREST MEMORIAL MEDAL

May be awarded at each club show, to the most meritorious plant or pan of rock plant(s) (one variety) exhibited in the scheduled classes.

Plants eligible for the award should come from the following:

- a. a plant that has won its class outright
- b. a plant from a multi-pan entry (the entry need not have won the class)
- c. a plant from the non-competitive classes

A Forrest medal shall not be awarded to the same individual plant more than once in any one year at the shows.

To members who have previously won this medal an award card will be presented instead of another medal.

SILVER GEORGE FORREST MEMORIAL MEDAL

Is presented to any member winning a total of ten Forrest medals, to mark the achievement. Thereafter members winning subsequent Forrest medals will receive an award card only.

CERTIFICATES OF MERIT AND BOTANICAL INTEREST

The judges shall have the power to award a **Certificate of Merit** to any exhibitor for a plant. The number of such certificates in any one show shall not be limited, but the standard must be kept high. A **Certificate of Botanical Interest** may be awarded for an exceptional plant that is of botanical merit. This may be the plant's particular morphological character(s), its novelty, and/or its taxonomical, educational or conservational value.

BRONZE MEDAL

May be awarded at each Club show to the competitor with the highest aggregate of points in Section II. A Bronze medal shall not be awarded unless an exhibitor obtains 20% of the total points available in Section II of the show, except where, in the opinion of the show secretary and judges, the entries of that exhibitor are of outstanding merit. 'Points available' are calculated by totalling the points available from first prizes in the section. The exhibitor's aggregate of points must be at least 20% of the total; but may have been obtained from any prize placings. In the case of a 'tie' two Bronze medals will be awarded. To members who have previously won a Bronze medal an award card will be awarded instead of another medal.

PROFESSIONAL MEDAL CARD

May be awarded to a plant, exhibited on a trade or professional display, which in the opinion of the judges is of the same standard as expected for the Forrest medal.

GOLD, SILVER or BRONZE MEDAL CARDS (Honorary)

May be awarded in each of the following categories:

- (i) Built-up rock garden
- (ii) Rock garden plants in pans
- (iii) Floral display
- (iv) Display of photographs
- (v) Display of paintings or drawings

THE ALPINE GARDEN SOCIETY SALVER

Is awarded annually to the Plantsman of the Year, the exhibitor gaining the highest aggregate of first prize points in Section I of Club shows in the calendar year.

THE RUTLAND SALVER

Is awarded annually to the exhibitor in Section II who gains the highest aggregate of first prize points in the calendar year.

MERIT MEDALS

Will be awarded for first prizes gained in Section I. The only exceptions are that no 'firsts' awarded for cut flowers or floral arrangements will be eligible. One medal only of each will be awarded as follows:

Bronze merit medal after gaining 10 first prizes

Silver merit medal after gaining 25 first prizes

Gold merit medal after gaining 50 first prizes

Subsequent gold merit medal winners will receive an award card only.

Bronze, Silver and Gold **Art merit medals**, distinct from the above, will be awarded respectively for 10, 25 and 50 first prizes gained in the twice-yearly photographic /art competitions (see page 12). First prizes gained in 2017 will be included.

GOTHENBURG TROPHY

This trophy was funded from the sale of seed from Gothenburg Botanic Garden and rotates between the competitive shows in date order. The Club's association with Gothenburg should be considered by the host show committee in selecting the award designation. If shows change position in date sequence, the trophy moves in such a way as no show has the trophy for two consecutive years and no show misses a year.

ALPINES 2001 TROPHY

Awarded for the best cushion plant in the show, this trophy rotates between the competitive shows in date order. If shows change position in date sequence, the trophy moves in such a way as no show has the trophy for two consecutive years and no shows miss a year.

ALPINE GARDEN SOCIETY – ULSTER GROUP QUAICH

Presented by the AGS Ulster Group to commemorate the 75th SRGC anniversary. This trophy rotates between the competitive shows in date order. If shows change position in date sequence, the trophy moves in such a way as no show has the trophy for two consecutive years and no shows miss a year. The designation of the award is chosen by the host show committee.

WILLIAMSON CUP

This cup will be awarded at the AGM for the best entry to Class 5 of the twice-yearly photographic/art competition, exhibited in the current show year. See twice-yearly photographic/art completion schedule (page 12).

THE ROYAL HORTICULTURAL SOCIETY'S JOINT ROCK GARDEN PLANT COMMITTEE

The Joint Rock Garden Plant Committee consists of representatives from the Royal Horticultural Society, the Alpine Garden Society, and the Scottish Rock Garden Club. It deals with all rock and alpine house plants other than Iris, Rhododendron, Narcissus and Tulipa although it does deal with dwarf members of these genera when these specialist committees are not meeting. There will be three meetings of the Committee in Scotland and the north of England in 2023.

These will be held at the following shows:

Dunblane early bulb display	25 th February, 12 noon
Kendal	18 th March, 11.30 am
Glasgow	29 th April, 12 noon

The awards which may be recommended at shows are:

First Class Certificate	Preliminary Certificate
Award of Merit	Cultural Certificate
Botanical Certificate	

Entry forms

Details of plants to be submitted to the Committee must be entered on forms obtainable from the Committee secretary on the morning of the show. Alternatively, for meetings held in Scotland these may be obtained in advance by sending an SAE to:

Dr Carole Bainbridge, Luckie Harg's, Anwoth Road, Gatehouse of Fleet, Castle Douglas, DG7 2EF, Tel 01557 814141 Email: greenscenedesign@hotmail.com

Completed forms must be returned to the committee secretary by 11 am on the day of the show.

Plants submitted for awards

- a) Plants may be entered for the competitive classes in the show, in which case the show secretary will be responsible for moving them to the committee room. In order to assist the show secretary to do this, the owner must provide a separate note of the plants and the classes in which they are being exhibited. A suitable pro forma will be supplied with entry forms.
- b) Plants not on the show bench must be delivered directly to the committee room by 11 am by the owner.

A herbarium specimen may also be required for the horticultural herbarium at the RHS Garden at Wisley, in order to provide scientific material for the record and for study.

Plants required for trial

Exhibitors entering plants before the committee must understand in so doing that, if a cultivar is selected or recommended for trial, they tacitly agree to send the required plants, bulbs, cuttings, scions or buds of it for trial when desired by The Royal Horticultural Society. Exhibitors will be notified of the date by which the plants etc. should be sent.

TWICE-YEARLY PHOTOGRAPHIC/ART COMPETITION

Twice yearly, at the **Perth Show** (22nd April, 2023) and the **Autumn Festival** (Scone, 11th November, 2023), members are invited to submit artwork and photographs in the following categories:

Class 1 A photographic print of a rock plant, either in cultivation or the wild

Class 2 A photographic print of a landscape or habitat, including rock plants (see rule 2)

Class 3 A digitally manipulated image or design, of or inspired by, a rock plant or alpine habitat. Include brief notes to explain the picture

Class 4 A drawing or painting of a rock plant, may be in colour or black and white

Class 5 A piece of artwork or craftwork inspired by a rock plant/alpine habitat; may be executed using conventional art techniques, needlework or other craftwork. Excludes digitally produced images

The Williamson Cup will be awarded annually at the Autumn Festival for the best entry to Class 5. To be considered for the award, the winning entry from Class 5 at the Perth Show should be exhibited at the Autumn Festival as a contender for the Williamson Cup. Note: the exhibitor may also enter Class 5 at the Autumn Festival with a new piece of work.

First prizes in all of the classes will count towards an Art merit medal (see page 9).

Conditions of entry

- a. Members may make only one entry in each of the classes. Pieces of work should not have been exhibited at a SRGC show before.
- b. Entries may be up to A4 size (approx. 12 x 8 ins). Craft items may be larger, but advance notice is preferred of larger items/3-dimensional items, for display purposes.
- c. All two-dimensional entries to be titled and mounted using card (the final size of entry plus mount may exceed A4). Glass frames are not permitted in classes 1-4. Competitors name and address to be on the reverse. Other entries to be accompanied by titles and/or notes.
- d. A photograph is regarded as an image taken on any type of camera and printed either on computer printer or by conventional means. Digital manipulation of the image beyond the basics involved in printing/colour balance is not allowed for classes 1 and 2 although digital images printed from a computer are eligible.
- e. Postal entries should be well wrapped and marked "WITH CARE – ART WORK" & "FRAGILE PLEASE DO NOT BEND". Please make it clear which class(es) you are entering. Return postage is paid for by the club.

Entries should be sent to:

Cathy Caudwell, Abernyte Farm Cottage, Abernyte, Inchtute, Perth PH14 9ST

If you wish to bring your entry to the show/AGM please telephone (01828 686709) or write (Email: c.m.caudwell@fireflyuk.net), giving the category you wish to enter.

Entries should be there by 9.45 am at Perth, or before the start of the programme at the Autumn Festival.

The list of firsts will be given in the **Dryas** newsletter.

DUNBLANE EARLY BULB DISPLAY

ENTRIES:

To be staged on the day, 9–10 am

RHS JOINT ROCK GARDEN PLANT COMMITTEE: will meet at 12 noon

Plants for consideration must be registered by 11 am

Plants from around the world and their cultivation

11 am Colin Crosbie '*Tasmanian plants*'

From tiny terrestrial orchids to the world's tallest flowering plant. Colin will give a brief overview of some of the incredible plants encountered on his recent trip to Australia.

11.30 am Ian & Carole Bainbridge '*Crevice gardens - a home for dwarf bulbs*'

Ian and Carole will present the ways and means of crevice garden construction and discuss some of the dwarf bulbs which will thrive in them.

2.00 pm Frazer Henderson '*Central Asian tulips*'

A short review of the distribution, diversity and history of the genus in the region together with a consideration of current and potential threats to species' survival.

2.30 pm David Millward '*Bulbs and orchids of central & southern Chile*'

Though many Chilean plants adorn our gardens, the bulbous and orchid floras are less well known. Dave introduces a selection of these often robust and colourful plants.

Display

Members are invited to bring as many pans of dwarf bulbs and early flowering alpine plants as possible.

Space will be available for cut flowers of plants which members do not want to disturb in the garden. Please bring your own vases for cut flowers.

Plants will be grouped according to genera during staging between 9 and 10 am.

The rule of one pan per class per exhibitor will be waived. No points will be awarded.

Members may also stage small displays comprising several exhibits to show variation in species etc.

Every contribution increases the value of the display for others.

Plant sales

Contributions are invited to the 50:50 plant sale and raffle, which will be held to cover expenses.

Members are asked to help with the teas and plant stall as this day is organised by the Bulb Group rather than a local group.

KENDAL SHOW

18th March 2023, 10 am to 3.30 pm

(Show hall opens about 11 am)

Organised by the ALPINE GARDEN SOCIETY in conjunction with the SCOTTISH ROCK GARDEN CLUB

Definitions of classes of Auricula, Polyanthus and Primrose

The term 'Auricula', as used in classes 105-107, applies to the florist's forms and is separate from Primulas belonging to the Auricula Section. The latter includes *P. auricula*, its varieties, and such well known hybrids as *P. 'Linda Pope'* that are the subject of classes in Sections I and II.

Show Auriculas are either edge or self-coloured. They invariably have white paste centres.

Alpine Auriculas have pips of one colour, though of varying shades of that colour, the deeper shade towards the centre, the paler towards the edge. No farina is to be found on any part of an Alpine Auricula. The centres may be either gold or cream-coloured.

Border or garden Auriculas, are somewhat similar to alpine Auriculas, but the colour shading is much less definite. They are coarser plants than alpine varieties, and farina may be found on foliage or flower scapes.

The plant known as *P. 'Barrowby Gem'* is a Polyanthus, and the group covered by the name Juliae hybrids should be classed as primroses; *P. 'Garryarde Guinevere'* is a Polyanthus.

Members who are in doubt as to which classes their exhibits belong should consult the show secretary.
