

The Scottish Rock Garden Club SRGC /AGS Show 2014

Ponteland

Farrer Medal [AGS rules in even years]

Cyclamen graecum anatolicum Bob & Rannveig Wallis

Its the time of year for couples!

This week's top pair are Bob and Rannveig Wallis whose **Cyclamen graecum anatolicum** was awarded the Farrer Medal. They had so many wonderful Cyclamen graecum plants and over the years have shown many others that it is impossible to say whether or not this particular plant has won a Forrest or Farrer before. They regularly top the charts at Ponteland with their Cyclamen, Crocuses, Galanthus and other bulbs liberally distributed along the benches. They also won an AGS medal for the 'small 6 pan class'.

The winning plant was part of their 3 pan entry in Class ! As well as showing their plants and winning prizes Bob & Rannveig have a sales table selling choice bulbs.
